Clearing Cache and Cookies in Google Chrome

Prepared by Jeff Dalby on 3/19/13

Step 1 - Open Google Chrome

Step 2 - Select the “Customize and Control Google Chrome” option (outlined)

Step 3 - Go to “History”
Step 4 - Select “Clear all browsing data”

Step 5 - From the drop down menu, select “the beginning of time” and make sure “Empty the cache” and “Delete cookies and other site and plug-in data” options are selected

Step 6 - Click “Clear browsing data” and restart Google Chrome

That’s it! To clear cache and cookies from other browsers, call the campus help desk at 1-4000, or check out www.wikihow.com/clear-your-browser’s-cache.
