Thinking about becoming a dentist?

This course is designed for students who are exploring a career as a dentist. The primary focus is to explore the career through panels and presentation by practicing dentists, as well as a continuous discussion on how to prepare for admission to dental school.

Students will not only learn about resources, but also reflect on self within the context of this career.

Tuesdays and Thursdays 12:25-1:15

1 credit hour course taken for CR/NC (offered in first session only)

Instructor: John Nilsson
