Demonstrate your knowledge, skills and preparation

Medical Experiences
Pharmacy and/or medical experience is critical to your success as a prepharmacy student. Interacting well with sick people is one of the key factors of a successful pharmacist!

Becoming a pharmacy technician is best, but general healthcare experience such as MA, CNA, EMT, or other role can also be helpful.

Extracurricular Activities

Leadership & Teamwork
Demonstrate your leadership skills by participating in a variety of experiences leading different people in different situations. No specific hours or number of activities required. (E.g.: coach, teacher, tutor, mentor, TA/LA, supervisor, officer role in a club, student advisory board, and many more.)

Service to the Community
Interacting with people from different backgrounds and experiences than your own will strengthen your interpersonal and communication skills. No specific hours or number of activities required. Get involved! Visit the Bennion Center bennioncenter.org

Academic Preparation
Ensure you’re academically prepared for the intensity of pharmacy school

• A bachelor’s degree is not required, but often preferred. Discuss with your PPA advisor.
• Complete pharmacy school prerequisites
• Competitive applicants have high GPAs, so build and strengthen your time management skills
• Any major is appropriate; make sure to pick the right fit for you, and study what you love!

Pharmacy School Basics
Pharmacy School
• Year 1-2: Didactic Years (Class Instruction)
• Year 3-4: Clinical Study & Practice Management

Residency (optional)
• 1-2 years focused postgrad training
Fellowship (optional)
• Training w/ focus on research, academia, or industry

Degree Conferred:
PharmD (doctor of pharmacy)

Get involved in activities (in-and outside the classroom) to help you develop knowledge, skills, and experiences to be a competitive applicant to pharmacy school.

Shadowing
This should be one of your first experiences as a prepharmacy student. Observing pharmacists in different environments will help you understand the profession. Shadowing also helps you get to know pharmacists; as many schools require at least one LOR from a pharmacist

Competitive Applicants:
• Shadow pharmacists in various settings for more than 50+ hours
APPLICATION PROCESS AND INFORMATION

PPA is here to help!

Preparing for pharmacy school can be complex and nuanced. But you don’t have to do it alone! PPA offers a variety of services to aid you during this time. From application workshops, to application and personal statement reviews, we want to help you with this process. Meet with a PPA advisor at least once a semester to help guide you along the way.

APPLICATION PROCESS AND INFORMATION

Start Saving NOW!

Applying to pharmacy school can be expensive. The application fee is based on a graduated scale that varies, based on the number of programs you choose to send your application to. See the PharmCAS website for specific information regarding this graduated fee scale. Supplemental applications carry their own fees, commonly ranging between $50-$100 each. Factoring in application fees, PCAT registration and prep, the cost of traveling for in-person interviews, and more, we recommend students to prepare to spend over $2,000 for the application process. PharmCAS offers a limited number of fee waivers through their Fee Assistance Program for those who qualify.

APPLICATION DETAILS

Do your research!

It is your responsibility to ensure you are meeting all requirements for the schools you are interested in. When selecting dental programs, we recommend that you look at schools that align with your interests: location, size, student/faculty ratio, representation, etc. You can search for pharmacy schools on the Pharmacy College Application Service (PharmCAS) website.

PharmCAS (Pharmacy College Application Service)

There are 142 accredited pharmacy schools in the US, most of which utilize PharmCAS, which is available at pharmcas.org.

• Application requirements include transcripts, extracurricular experiences, personal statement, and fees
• Many schools use a rolling admissions process (meaning they begin reviewing applications and admitting before the deadlines). It will benefit you greatly to submit your application early, regardless of when you take the PCAT.
• The application will take most students several weeks to complete. Ensure you have plenty of time to fill out the application.

PCAT

The Pharmacy College Admission Test (PCAT) is being retired in 2024. The final test offerings will be July 6, 2023, October 16-27, 2023, and January 3-9, 2024. You must check with each pharmacy school for details on the specifics of their program.

• It usually takes about 3-5 weeks to get the result, but an expedited score is available for an additional fee.

• The PCAT is divided into 6 multiple choice sections and 1 essay. The multiple choice sections include: Verbal Ability, Biology, Chemistry, Quantitative Ability, and Reading Comprehension. The score is reported as a scaled score between 200-600 and as a percentile between 1-99%. The essay will test problem solving skills, and skills dealing with conventions of language, and will be given a score from 1-6.

• The exam may be repeated, but the best strategy is to prepare thoroughly and take the PCAT once. For more information about the PCAT, visit http://pcatweb.info/.

COST and PREP: The exam costs over $200. There are a variety of ways to prep for taking the PCAT. You can purchase a test prep book, utilize free resources online, or purchase a study course.
APPLICATION TIMELINE

Your application process begins in the spring or summer of the year prior to when you hope to begin your pharmacy program. Pharmacy schools admit students once a year for fall matriculation.

- **PharmCAS is available during the 1st week of July.**
- Individual pharmacy school deadlines will range from October–May.
- Interviews typically begin in September, and this will vary by program.

Letters of Recommendation (LORs)

**PLAN AHEAD:** Pharmacy schools require LORs as part of your application. Get to know the people you interact with (professors, supervisors, etc.) You’re not looking for good letters; you need excellent letters. Get these by building and maintaining your relationships. Letters must be current, signed, dated, and on letterhead. To facilitate this process, use the free PharmCAS ‘Letters by Liaison’ letter service.

**LETTER TYPES:** PharmCAS allows students to submit a maximum of four letters. The following are common types of letters required by most pharmacy programs. However, requirements vary by program, so do your research.

- Professor (usually science: biology/chemistry/physics/math)
- Pharmacist, supervisor, or other healthcare professional

Policies and Considerations

<table>
<thead>
<tr>
<th>AP/IB CREDIT</th>
<th>Depends on program. Check each school’s requirements</th>
</tr>
</thead>
<tbody>
<tr>
<td>COMMUNITY COLLEGE COURSES</td>
<td>Many schools limit credits taken at community colleges to 60 credits. Check each program’s reqs.</td>
</tr>
<tr>
<td>REPEATS</td>
<td>All grades will be counted in your PharmCAS calculated GPA.</td>
</tr>
<tr>
<td>WITHDRAWALS</td>
<td>Although W’s will not affect your GPA, W’s should be used sparingly. Work with your advisor.</td>
</tr>
<tr>
<td>GPA</td>
<td>Minimum requirements for total GPA is 3.0, but this varies by program. However, competitive applicants usually have a total GPA of 3.6 or higher. Some programs may also look separately at prerequisite or science GPA.</td>
</tr>
<tr>
<td>UUCP: Minimum prereq GPA: 2.8. See their program website for additional details.</td>
<td>Roseman: Minimum science GPA: 2.8. See their program website for additional details.</td>
</tr>
<tr>
<td>GRADE EXPIRATION</td>
<td>Many programs require certain prerequisite courses to be completed within 5–7 years (10 years for UUCP) before matriculation. Check each program’s requirements for more information.</td>
</tr>
</tbody>
</table>

Helpful Resources

- Is Pharmacy Right for Me: Learn more about the profession: pharmacyforme.org
- University of Utah College of Pharmacy: pharmacy.utah.edu
- Roseman University of Health Sciences College of Pharmacy: roseman.edu
Requirements vary by school. It is your responsibility to do your own research on each pharmacy school you wish to apply to. AP coursework may or not be accepted. If accepted, coursework beyond AP is often required.

Shaded boxes indicate the classes most commonly required by pharmacy schools.

**Bolded classes** may be taken at a community college; not all pharmacy schools will accept community college prereqs.

### MATH

</table>

Please note: Consult both your major advisor and a PPA advisor for the correct lecture and lab sequence.

### NON-SCIENCE REQUIREMENTS

- Two Semesters Writing
  - WRTG 2010 and CW* |
  - WRTG 3015 (3) Professional or Technical Writing may be preferred

- COMM 1020 (3) Public Speaking |
  - WRTG 3015 (3) Technical Writing |
  - UUCP: either required

- Humanities (HF) |
  - Social and Behavioral Science (BF) |

- SOC 1010 (3) Intro to Sociology

**NOTE:** For UUCP, no more than 3 prerequisites may be outstanding, or in progress on January 1st of the year you are applying.
